# The Bandit

Volume 1, Issue 2

November 2003

*Help make someone's  
holidays a little brighter...*

The food you donate will go to needy people and families in Clatsop County.

## ASBG Food Drive

Bring non-perishable foods to the cardboard boxes on the 2nd floor of Patriot, 2nd floor Towler, SEA Services, Library, Art Building, and the A.S.B.G. Office.

If you have any perishable foods bring them to the A.S.B.G. Office only! There will also be boxes at the South County Campus and the M.E.R.T.S. center.

Still no raccoon pictures.

## Editor's Column

There are small occurrences that happen on this campus that leave me to wonder....

I was walking to an A.S.B.G. meeting, at an un-sunny time of the morning, when I nearly stepped on a dead mole. It was lying there on its side, just dead. The next time I

walked by, the mole was gone. Where did it go?

Or what about the signs advertising various items for sale on the student bulletin boards? Do those items ever get sold, and if they do, what about the sign? Does it stay up or has its life ended?

These are a few of the questions that have come up in the writing of this issue. I am sure that more will arise as the day wears on.

Have a wonderful day in class and don't forget to keep in touch with your advisor.

-Kay

## Head Start Christmas Tree

The Head Start Christmas Tree will be down by the A.S.B.G. office November 17 through December 5. The last day to bring the gifts in, is **December 5**.

### What to do:

- Pick an ornament from the A.S.B.G. Head Start Christmas tree.
- Purchase a present depending on age and gender.
- Bring the gift you purchased to the A.S.B.G. office, in the original package, unwrapped by December 5.

A.S.B.G. will wrap the gifts and deliver them to the children at Head Start.

November 17 - December 5  
Pick up a child's ornament  
from the tree and bring the  
gift back unwrapped

Head Start is a federally funded preschool program for children ages three to five, that provides opportunities and quality services to economically disadvantaged children and families, as well as children with disabilities.

# Cooperative Work Experience

## Questions & Answers about Cooperative Work Experience

**Question:** What is Cooperative Work Experience?

**Answer:** Cooperative Work Experience is an opportunity for students to earn college credit for doing "hands on" work in their academic field of interest.

**Question:** Do I have to get financial aid to participate in the Work Experience Program?

**Answer:** No, any degree-seeking student can sign up for work experience. In some cases, eligible students have earned work-experience credit while being paid through the federal work-study program. Students can earn work experience hours as paid employees or volunteers.

**Question:** How many credits do I earn through the work experience program?

**Answer:** Students can sign up for 2 to 12 work experience credits per term. For each credit of work experience, students must work 40 hours during the term. Students should work with their advisors to determine the number of work experience credits which will apply to their degree. The first term that students enroll in work experience, they are required to sign up for a one-credit Work Experience Seminar class. The Seminar teaches students workplace success skills. The Work Experience Seminar is offered in an on-line format.

**Question:** What types of organizations provide work experience sites for C.C.C. students?

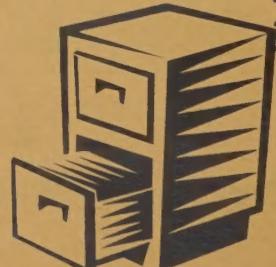

**Answer:** The possibilities for work sites are almost limitless. The Work Experience Director will work individually with students to find an organization which will teach students real world skills in their field of study. Some examples of places where C.C.C. students are working this term include: Pioneer House, Naselle Youth Camp, Astoria Police Department, Warrenton Grade School, Seaside High School, Ocean Beach Medical Clinic, Young's Bay Detention Center, and three local fire departments.

**Question:** Why should students participate in the Work Experience Program?

**Answer:** Participating in the Work Experience program teaches students skills which can enhance a resume or scholarship application. Work experience is a great way to confirm your interest in a particular career field.

**Question:** Where can I get more information about Cooperative Work Experience?

**Answer:** Contact Joanie Weatherly, Director of Cooperative Work Experience & Career Counseling at 338-2480 or visit her in Patriot Hall, 230.

# What's happening on Campus?

**There are \$28 sweatshirts for sale in the A.S.B.G. office. Pay for them at the Business Office and bring the receipt down to A.S.B.G. to pick up your sweatshirt.**

Stressed about returning to school?  
Overwhelmed by transitions?  
Need to find a different career?  
Feeling stuck in a rut?

**You are not alone!** Many new and returning students find support and guidance in the Lives in Transition program. L.I.T. assists in developing and achieving personal, educational and/or career goals. The tuition-free program is structured around transition planning, self-care, personal skill-building and stress management while exploring career development. Students often are displaced homemakers, single parents and dislocated workers who want to return to school for education and workforce training.

Does this sound right for you or someone you know? *Call now to sign up for Winter Term Orientation: 338-2377.*

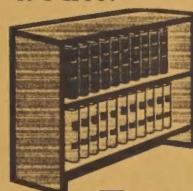

# Library Information

The Library has new hours: 8:30am to 8:30pm Monday through Thursday and 8:30am to 5:00pm on Friday.

You can access our catalog, online databases, and renew your library materials from home by visiting our website: [library.clatsopcc.edu](http://library.clatsopcc.edu) To use the online databases just log in with your CCC student ID number, which should be on your ID card. The two most popular databases for students are the MasterFILE Premier periodical database for general interest articles and the Academic Search Premier periodical database for more advanced scientific articles. If you need magazine or newspaper articles for a research paper you should start by looking in either of those two databases.

We have a new collection of over 3000 electronic books that you can check out and read online. All you have to do is come to the Library to register a username and password, and then you can sit at home and check out books that you can read on your computer. Our electronic book collection is full of the most recent reference titles, computer books, travel books and other subject areas where up to date information is essential. The next time you're in the Library ask about registering to use the electronic book collection – it's free!

If you have any questions about how to use the library, find materials, or use the databases don't be afraid to come in and ask. We're here to help you get your work done.

**It's your library – so come on in and use it!**

## From the Board...

The Clatsop Community College Board was given a presentation of the new technology enhanced classroom on October 24. Humanities instructor, Nancy Hoffman presented to the board and audience the new big screen technology and interactive computer system in Patriot Hall 321, showing how the system has been set-up in the classroom to enhance the learning experience of Clatsop students.

The Board was also given a tour of the new kiln room that was just installed this past week in the Art Too facility. The new kiln gives the students of Clatsop Community College a new "hands on" approach experience, of all the processes of firing. The kiln itself is gas fired and microprocessor controlled. The original kiln room was five hundred-seventy-six square feet and now has been expanded to one thousand-eighty-eight square feet.

Our President Greg Hamann is setting high goals for the 2003-2004 year, from being in-line with transfer degrees to seeking out new partnerships with other colleges to bring the students at Clatsop the best possible learning experience the College can offer. Listed as one of the main goals is offering the right classes, at the right time, and the right location for the students of Clatsop County, this includes Seaside, Astoria and M.E.R.T.S. campuses.

Got any ideas for classes or other concerns, drop them in the A.S.B.G. suggestion box located by the A.S.B.G. office door. A.S.B.G. will be sure and pass them on. The next meeting of the Board of Directors for the College is November 20th at 7:00 PM.

# Blood Drive January 22, 2004

Clatsop Community College, Patriot Hall room 322, 324  
10-5 PM

## Four Reasons People Don't Give Blood:

- 1) Scared of needles— Nearly everyone feels that way at first. However most donors will tell you that you only feel a slight pinch and 7-10 minutes later you are finished and headed for the canteen.
- 2) Too busy— The entire process takes about an hour and the actual blood donation time is only 7-10 minutes.
- 3) Already given for the year— A healthy adult can give every 56 days
- 4) My blood isn't the right type— Every type of blood is needed daily to meet patient needs. If you have a common blood type, there are many patients who need it. If you have a less common blood type, there are fewer donors and in short supply.

Taken from [www.givelife.org](http://www.givelife.org)

## Five Reasons to Give Blood:

- 1) You will get free juice and cookies
- 2) You will weigh less— one pint less
- 3) It's easy and convenient
- 4) It's something you can spare
- 5) Nobody can ask you to do any heavy lifting as long as you wear the bandage.

## Facts about Blood:

- Every two seconds someone in the U.S. needs blood.
- The average red blood cell transfusion is approx. 3 pints.
- The number of blood donors a year in the U.S. is approx. 15 million.
- A single car accident victim can require as many as 100 units of blood.

"Be patient with everyone, but above all with yourself. I mean do not be disheartened by your imperfections, but always rise up with fresh courage. How are we to be patient in dealing with our neighbor's faults if we are impatient in dealing with our own? He who is fretted by his own failings will not correct them. All profitable correction comes from a calm and peaceful mind."

"Underneath, we're all the same"

Written by: Amy Maddox, age 16

He prayed– it wasn't my religion.

He ate– it wasn't what I ate.

He spoke– it wasn't my language.

He dressed– it wasn't what I wore.

He took my hand– it wasn't the color of mine.  
But when he laughed– it was how I laughed, and  
when he cried– it was how I cried.

# Hike to Fox Creek Old Growth Forest!

Biology Instructor, Michael Bunch has organized a hike to Fox Creek Old Growth Forest.

**Saturday, November 8th 2003**

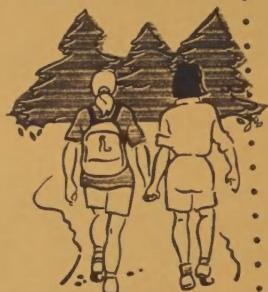

If you are interested in going contact

Michael Bunch 338-2431 or

A.S.B.G. 338-2495

More information was being received as this was headed to print. The date of the hike may change. Call to confirm.

Did you know A.S.B.G. has a suggestion box?

It is located by our office door.

It can be used for suggestions, comments, or concerns.

Please use this box as a way to communicate with A.S.B.G..

Written form is powerful and can be backed up better than just vocalization.

Our Thanks go to Senator Joan Dukes for taking the time to answer questions from the student and College community on October 31st.

The years teach what the days never know

-Ralph Waldo Emerson

A "no" uttered from the deepest conviction is better and greater than a "yes" merely uttered to please, or what is worse, to avoid trouble.

-Mahatma Gandhi

Training is everything. The peach was once a bitter almond; cauliflower is nothing, but cabbage with a college education.

-Mark Twain
